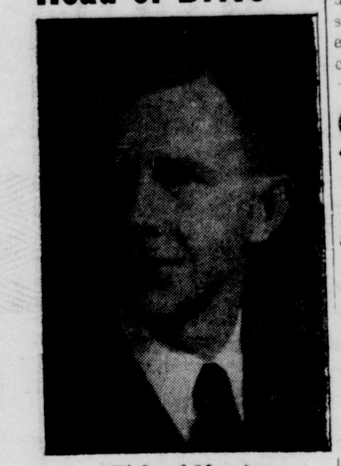
Civic Center Enters Finance Stage

Richard Moseley General Finance Head of Drive



Richard Moseley

The Cameron Community Center is one step closer to a reality as the result of a joint meeting of the Building and Finance committees January 31 according to an announcement by Dr. Chas. Howard, General chairman of the citizens committee, organized for the purpose of building the center.

The two committees studied revised copies of the blue prints for the building and considered estimates of the costs of materials and construction. It was determined that a minimum of $45,000 would be needed to complete the project, after hearing the complete report of Ben Magness, building committee chairman.

Richard Moseley, chairman of the finance committee, which will direct the raising of the funds, stated that the $45,000.00 goal was enthusiastically adopted by the committee. He appointed the following sub-committees to work out the fund raising details: Large Gifts Committee, Albert Collins, chairman, and Richard Bush; Special Fund Raising Projects Committee, Mrs. Ida Belle Lewis, chairman, Mrs. Robert Weems, Jack Slaughter and Natalie Bynum; Service Clubs Contribution Committee; E. A. Perrin, chairman; and, General Solicitations Committee, Richard Williams, chairman, Jimmy Wiggs and Richard Moseley.

Next meeting of the Finance Committee was scheduled for Tuesday evening, February 7, at 7:30 p.m. Detailed plans formulat-

O. D. Graham Will Seek Re-election To Judgeship

O. D. Graham has announced he will be a candidate for re-election to the office of District Judge during the coming Democratic Primary.

A formal announcement of his candidacy will be released at a later date. This newspaper has been authorized to place Judge Graham's name in the political announcement column.

Dimes For Polio Less Than In '55 Workers Praised

The response to the March of Dimes this year has been gratifying in spite of the fact that we have raised less money than last year. So many people have been nice in so many ways, it has truly made this a good year. Our total amout raised is disappointing because the need is so direct and so personal. Our 16 polio patients in Milam County must be cared for and the March of Dimes is our only source of aid for them. Without doubt we will have new victims as the polio season rolls around.

There are so many people I would like to take by the hand & thank for their services in this great cause. To the people who went from house to house, and person to person, we are eternally grateful. To everyone who in any manner contributed to what success we had this year we say a big "THANK YOU", and may the blessings which you so richly deserve always be yours.

To our Latin-American friends we want to pay a special tribute. Of their own free will and by doing all their own planning, they gave the Latin-American dance at National Hall on January 28th. This dance, gave to the March of Dimes $115.36 net. To Paul Cruz of Rockdale and his band boys, Manuel Cruz of Houston and his band boys, H. Mendoza, Rufino Lira, Mike Zomara, Frank Flores and all the others who had a part in this event we say "THANK YOU."

To the National Hall, Richard Wilkerson and His Drifters we are deeply grateful for their contribution.

Our business men have been wonderful, our clubs and groups co-operated splendidly and it

School Bonds Sell At 3.13 As 14 Buyers Enter Bids

$225,00 in Cameron School District bonds were sold to Rotan-Mosle and Company, the best of 14 bidders at a meeting of the school board in the office of Superintendent W. T. Hanes at 2:30 p.m. Monday. The bid was 3.13 per cent average interest on the twenty year bonds.

The last bond sale of $390.00 in bonds, which went into the building of Ben Milam, the Vocational Building and the O. J. Thomas gymnasium and two classrooms at the O. J. Thomas school, sold in 1952 were at an average of 3.27 percent. $30,000 of the fomer bonds also went to renovate the utilities in Yoe High and Ada Henderson schools.

The highest of the 14 bids opened Monday was for 3.28 percent average interest.

Baker Duncan was the representative of the Rotan-Mosle Company.

John Brandenberger who was hired as fiscal agent for the Cameron Independent School District late in 1952 read the bids, including one for his own company. His bid was third from the low bidder.

Interest rates have firmed up considerably on long-term bonds said Brandenberger and we just happened to hit a time when the rates were down (price was high).

The Fiscal Agent averred that the experience of three years as an Independent School District with higher valuations, good collections on both current and delinquent taxes and good management were responsible for the favorable interest rate attained by the Cameron Schools

As an example of the "Better Credit Rating" of the Cameron Independent Schools the Fiscal Agent pointed out that the current issue sold with a 22½ year average maturity for a low of 3.13 while the earlier bonds went at 3.27 for an average maturity of 13 years. In other words Cameron Schools have a longer pay out period with a considerably lower interest rate as a result of good credit and a good market at this time.

Dr. C. G. Swift, president of the board, said "In behalf of the board we were highly pleased with the response of the bond buyers - the rate of interest was unusually good. And 'you might add' that we are highly pleased with the high calibre work of our fiscal agent, John Brandenberger."

It will take about 30 days for final plans for building on the O. J. Thomas grounds to be approved and to have the money in the bank, Dr. Swift reported. The next step then will, of course, be the advertising for bids for construction of the school.

Weather Radio Drops In Senkel Yard Tuesday

Mr. and Mrs. Walter Senkel of Jones Prairie road brought a "Radiosonde" to Radio Station KMIL for inspection after the instrument dropped in on them Tuesday at about 2:30 pm.

The little box which floated into their yard by parachute was sent out by the United States Weather Bureau in San Antonio sometime the same morning. It was carried aloft by a balloon and went up according to the markings, to an altitude of sixteen miles before the balloon burst.

Instruments aboard the little box transmitter allowed the temperature, the barometric pressure and the humidity to be transmitted back to the station.

Instructions were for the finders to please enclose the antenna inside the box and mail it all back to the Weather Bureau in San Antonio.

Burglars Get 19 Cases Of Liquor At Rockdale

Sometime before daylight Friday morning the Weems Liquor Store on highway 79 in Rockdale was burglarized of nineteen cases of liquor, Sheriff Carl Black reported, Friday.

The intruders pried off the door facing and forced open the front door and removed the cases of half pints only, leaving little, if any, traces for county and state officers to trace in the way of fingerprints or the like.

Sheriff Black was still holding and interrigating Cecil Donovan, the 22 year old Caldwell negro, who was picked up in Temple last week following a grocery store incident in which the negro ran out of the store wielding a knife after being questioned about his intentions.

City Implements Charter; Moves Closer To Airport Settlement

Implementing of the recently accepted Charter for the City of Cameron was the main order of business transacted Tuesday night. As soon as the charter election can be certified to the Secretary of State by Mayor Horstmann it will be in full force and effect in Cameron, city attorney Baskin said.

A contract between the City of Cameron and Harry Rogers as Airport Manager was read and tentatively accepted by the city with reservations on what were considered by Council to be minor clauses.

An interim budget which implements the charter change of the fiscal year from April 1 to October 1 was adopted following a called meeting on Monday night in which it was outlined.

Two men were chosen from five nominees to be added to the Cameron Housing Authority led by Chairman Narvie Caperton

The appointment of a Board of Equalizatoin was tabled until Councilmen have further time to secure the names of men willing to serve in this capacity.

The low bid of $3,302 with the Bush Construction Company to install water mains extending the fire main from Tenth and Jackson streets east along 10th. Street with addition of six fire hydrants was accepted.

Disbursements for the next six months in the City according to the interim budget will be $39,-949.90 and estimated income will be approximately $41,100 according to figures compiled by City Secretary Neomi Needham and approved by the Commission.

The Street department anticipated disbursements for the next six months will be $13,150; fire department, $3,214.60; police $5,-

Eagle Scout Ray Green Heart 'O Texas Delegate

Ray Green, son of Mr. and Mrs. Leland Green, Jr. of Cameron was selected as Eagle Scout representative form eleven central Texas counties of the Heart O' Texas Council. This announcement was made this week by Harvey Price, scout executive.

Ray is a sophomore at Yoe High School and at present is one of the first stringers on the basketball varsity. He is noted for his fine sportmanship and ranks high in scholastic activities.

He will leave this weekend for Austin where he will be honored along with other scouts over the state at many functions at the state's capital city which includes annual state ceremonies. He will participate in the parade down Congress Avenue Saturday, attend a banquet in honor of the scouts and also the governor's ball at the Student Union at the Universtiy of Texas.

Milam Law Suit Transferred To Federal Court

A lawsuit in the amount of $6,-540 filed by Anna Marie Perry of Milam County and naming Mutual Benefit Health and Accident Association of Omaha Nebraska and filed in the District Court of Milam County was recently, in granting of defendant's petition, transferred to the United States District Court at Waco.

The Plaintiff's original petition alleges that on August 17, 1943 she paid for a health and accident policy and that she never missed a payment. Then, it further alleges that on December 12, 1953, while traveling on Highway 79 about eight miles from Hearne, Texas she was involved in an accident which totally and permanently disabled her.

Prior to the accident the plaintiff was a regular employee in the State Treasurer's office and will never be able to follow the gainful occupation for which she was qualified.

Due notice was given the defendant, according to the petition, setting forth the injuries and said

Colonelcy Attained By Giles L. Avriett Former Cameronite

The rank of Colonel has been attained by the recent promotion of Lt. Colonel Giles C. Avriett of the 38th Air Division and director of material, at Hunter AFB Savannah Georgia

Colonel Avriett is the son of Mr. and Mrs. Giles L. Avriett, 1702 Winstead Lane, Austin. He was born in Cameron and lived here with his parents until moving to Austin.

Share Croppers Qualify For Social Security If '55 Net Was At Least $400

"Share-croppers in this area should be interested in knowing that they are generally considered self-employed for social security purposes," announced James B. Marley, District manager, of the Austin social security office today. This means share-croppers are building toward protection for themselves in their lod age and protection for their families in case of their death To qualify for this valuable family protection, they must have net earnings of at least $400 from their farm-croppers, like all farm operators, will report their earnings for social security purposes for the year 1955 by filing an income tax return with a farm schedule. Share-croppers must file these tax returns with the District Director of Internal Revenue, Austin, by February 15, in order to receive social security credits for their farming operations, even though they may not owe any income tax.

Under a recent interpretation issued by the Internal Revenue Service and the Social Security Administration, share-croppers in the usual farming arrangement in this area would be considered as self-employed. The landowner participating in the usual share-crop arrangement would be considered as receiving income from rent and would not have to report his income from his share of the crop for social security purposes, nor would he receive social security credit.

For tax return forms and other information relating to the filing of returns and tax obligations, contact the Internal Revenue Office in Austin. For information concerning your right to social security payments, contact your Austin social security office.

The Cameron future farmer poultry team placed first in the Southwestern Exposition and livestock show in Ft. Worth Saturday. The team was composed of Joe Walzel, Johnny Jedlicka and Jimmy Smith. L. R. Thompson, teacher of Vocational Agriculture in the Cameron High School was the coach of the team.

Joe Walzel made the high score of any of the 63 contestants. There were 21 teams entered in this particular division.

Paul Hoelscher New President Of District CYO

On Sunday February 5 the Cameron Catholic Youth Organization attended the first district meeting of the year at Bryan.

The meeting got underway at the Knights of Columbus Hall following the rosary and benediction.

New officers are: President Paul Hoelscher of Cameron, Vice President Anton Luza of Bryan; Secretary-Treasurer, Virginia Dykowski of Granger and Historian, Pat Moraw of Cameron.

Awards were presented the Bryan Boy's Basketball team and the Bremond C. Y. O. took the best club award.

Religious instruction was given by the Chaplain of the Bryan Air Force Base, Father McDonald, who gave an inspirational talk on "The Importance Of Faith In The World Today."

A short skit was presented by the host C. Y. O. and a delicious supper was served. A dance, with music by the Hill Boppers, was enjoyed.

Father Harry Nazurkiewicz, as spiritual director of the Cameron District, led in the prayer of the evening.

Twenty-seven members attended the meeting from Cameron. Guests were Leon, Gerald and Thomas Beach, Jerry Kostroun and Reverend Leonard Buxkemper who recently went to Westphalia as Assistant at the Church of The Visitation.

Magnolia House On Highway 77 Opens Feb. 14

Grand Opening of The Magnolia House is scheduled for Tuesday, February 14 (Valentine Day).

Mr. and Mrs. W. A. Smith, owners of the Restaurant at 502 N. Travis, across highway 77 from Glass The Florist, recently purchased the property from Mack Akers.

The dining rooms are in colonial mahogany with southern style furniture. They are attractively arranged and have a seating capacity of fifty diners.

Open hours are from 11 a.m. to 2:30 p.m. and again from 5:30 p.m. until 9 pm.

Steaks, Fried Chicken, Seafoods are among the specialty dishes offered by the restaurantours On opening date the menu offers George Washington Cherry Pie and special salads as well as tasty balanced dinners.

The Magnolia House will be closed each Monday. The Public is cordially invited to visit Cameron's newest business firm.

Milam Poll Tax Payers 128 Less Than In 1952

Despite the fact that the population of Milam County has increased in the past four years the office of County Tax Assessor-Collector Valter White reports that the total 5,482 poll tax payers this year is 128 under the total number paid in the last presidential election year.

White reported that while the number of the colored poll tax payers was up the number of women taxpayers over all was appreciably down. This, White said, was due to two factors, one of which was that many men when paying for their own right to vote failed to pay for their wives "Because they wn' osu tete hm", cause they "Won't use them," saying The women also failed to pay up in large numbers because they feared that their names on the poll lists would subject them to jury duty to which they, by law, are subject now.

Merchant Poll Finds Preferred 1956 Holidays

A poll recently taken by the Trade Development Committee of the Chamber of Commerce reveals that the following holidays will be observed during 1956: July 4th, Independence Day; Nov. 11th, Armistice Day; to be observed on Monday, November 12; Nov. 22nd, Thanksgiving Day. Dec. 25th, Christmas Day and January 1st, New Year's Day. The following holidays are left as an option: Memorial Day and Labor Day.

Knights Of Pythias Special Meet Called Monday Feb. 13

A special meeting of Knights of Pythias has been set for 7:30 p.m. Monday, February 13 at which meeting the Grand Chancellor Jack Needham and other guests will be present, James Cryer reported Wednesday, as he requested all members to be present.

"Light Of Liberty" - Fifth Grade Theme In Historic Birth Month

THE LIGHT OF LIBERTY is the theme portrayed in the Herald Window this week by the Fifth Grade of Ada Henderson. This theme is correlative to the theme of all teaching which is "Citizenship and Cooperation," said the teachers, Mrs. Charles Nabours, Mrs. Rodney Barker and Mrs. J. R. Young, cooperating with the students of their grade in placing their work on public display.

Diogenes, the Athenian philosopher, of four centuries before Christ is quoted in the display "Foundation Of Every State Is The Education Of It's Youth." Samples of the work of each student in the Fifth grade is displayed in deference to the democracy of our American state.

Pledges to the school and "What Liberty Means" are the themes pursued by the students in their individual work in the display.

There is some outstanding art work in this window and adult students of American history, geography and heritage will find a great inspiration to be derived from a close inspection of the work of the Ada Henderson students.

Milam County Farm Bureau To Observe Seventh Anniversary

The Milam Farm Bureau will hold its Seventh Anniversary on Thursday night February 16, in Simon-George Hall Cameron, Texas. Each family will bring a well filled basket of food and supper will be served at 6 P.M. At 8 PM. the program arranged by the Program Committee with Charles W. Bailey 2nd. V. Pres. serving as Chairman will consist of songs and music by the "Homefolks" who are seen daily over TV Station KWTX Waco. Johnny Gimble who is in charge of this group promises plenty of fun and entertainment for both the young and old in this two hour program. This is the first time the celebration has been held at night. No admission.

Farm Bureau was first organized in Milam County in April 1949. A charter was granted on May 30 1949. S. W. McClaren Jr. was elected President of this farm organization and served in this capacity until November 1950 when he was elected a member of the Board of Directors of The Texas Farm Bureau. Having already been reelected to serve another year as county President, McClaren resigned from this position and Dennis Klein of Burlington, Texas was elected to fill the unexpired term of McClaren as county President. Klein was re-elected again as President in 1951 and 1952.

From the beginning of the organization in Milam County a part time office was opened in Cameron Mrs. Mable Elrod, now deceased, served as the part time office secretary. Mrs. H. M. Wimberly later served as part time Wm. F. Arthur, was employed as full time Service Agent, which position he still holds in the organization.

With the growing Service Program it was necessary to employ a trained office Secretary and open a full time office. Miss Lenora A Bickett was employed in December 1952 for this position, which position she still holds. In November 1953 a revision of the county Directors from 42 to 13. was made, cutting the number of county Directors from 42 to 13 This being 2 directors from each of the 12 districts in the county. Nine directors serve one year and nine serve 2 years without reelection. At the annual county convention in October 1953 John A. Smith was elected to head this Farm Orgaization in Milam County, and for the past three years has been unamiously elected as its President.

The membership has grown from 558 in 1852 to a total of 1954 at the close of business in 1955

Any boy or girl of school age is eligible to enter the swine contest sponsored by the Farm Bureau. Robert Jungmann, chairman of this committee urges any boy or girl whose parents or guardian are Farm Bureau members to enter this contest. The drawing will be held on Thursday night Feb. 16 at our anniversary celebration. It is not necessary to be present for this drawing. Entry blanks and an explanation of the contest may be obtained at the Farm Bureau office.

Scout Commissioners Of Tejas District Meets 7:30 Tonight

The Tejas District Commissioner staff of the Heart O' Texas Council, Boy Scouts of America will meet Thursday Evening, 7:30 P.M. at the Cameron Methodist Church.

All assistant district and neighborhood commissioners are requested by J. H. Baugh, District Commissioner of Rockdale, to be present, as program information for all scouting units will be discussed.

The Tejas District Commissioner staff is a group of volunteer scouters who work with sponsoring institutions and unit leaders and help them interpret the program of Scouting

Junior Broiler Contest Plans Well Underway

Plans are well underway for the annual Milam County Junior Broiler Contest and Show. The program this year is anticipated to include 75 sponsors and contestants.

Sponsors, who are usually local businessmen, pay a $10.00 fee which is used for purchasing the 50 baby chicks for Junior growers, for prize money and for tickets to a banquet held at the end of the contest. Each youthful grower will receive fifty chicks from his sponsor on Friday, March 2nd at 4 P.M. on the Courthouse lawn. Then the chicks will begin a nine weeks' growing period, ending on May 5th. The grower will bring his five best broilers to the show to be judged by a competent judge and at the end of the contest, these five broilers will be presented to his sponsor and the grower will keep the remainder of his flock.

Any interested party is invited to sponsor a young grower and may do so by calling the Chamber of Commerce office, phone 101 and signing up. Growers will be members of F.F.A. and 4-H Clubs in Milam County.

F.H.A. Extends Operating Loans On Annual Basis

The Farmers Home Administration has broadened its lending authorities to meet the special needs of established small farmers who, due to drought and other adverse conditions, have been forced to work part-time off the farm in order to make a living for the family, Walter T. McKay, the agencies State Director announced today. The extension of credit to these small farmers, who are in need of credit primarily for farm operating expenses which cannot be obtained from their usual source of credit, together with the income from their off-farm work will permit them to continue farming and to maintain a satisfactory standard of living, McKay said.

Roy M. Wright, County Supervisor of Milam and Burleson Counties, said these loans are short-term credit which is designed to help farmers finance one year's operations. Credit may be extended to farmers who are operating units no larger that a family type farm provided there is a sound basis for credit. Wright stated this means that the anticipated gross income from farming and other sources must be sufficient to repay the loan, meet farm and home expenses not provided for in the loan and provide a reasonable margin above such amounts.

Applications may be filed at the local office of the Farmers Home Administration, located in the Henderson Building, in Cameron.

"Accomplishments in the application of conservation practices within the Little River-San Gabriel Soil Conservation District for the year 1955 have exceeded expectations held earlier", according to Gilbert Kretschmar, chairman of the board.

Many factors have combined to prevent 1955 from being a top year within the district from an agricultural standpoint and the progress that has been made this year by the district's 1655 cooperators is encouraging.

"Highlight of the trends observed this year", he says, "is the improvement made on many cooperator units in the stands and vigor of range and pasture grasses". This has been made in spite of climatic conditions that have been ruled as below normal or unsatisfactory for the production of maximum plant growth for the area. The 13,280 acres of Proper Use, 15,139 acres of Deferred Grazing and 18,880 acres of Rotation Grazing which are reported for the first time this year indicate these grassland practices are growing in recognition on conservation operated units.

Leguminous cover crops totaling 14,900 acres on the land this year falls below the amounts that have been planted annually in past years. This is directly associated with drouth conditions prevailing during the planting season for most of these crops. It is noteworthy that a larger acreage of the sweetclovers have been utilized by cooperators for soil improvement purposes this year, and too, that these sweetclovers (largely hubam) produced unusually large seed yields.

Crop residue utilization on the surface of the soil in connection with chisel type tillage has been realized on an additional 11,465 acres.

Mechanical practices, 203 miles of terraces, 7 miles of diversion terraces, 108 ponds and 48 waterways, installed this year are well above the mean annual average accomplishment for the district.

Amounts of other practices carried out for the first time this year are as follows: Contour farming 4,264 acres, 60 acres of drainage, 30 acres of land preparation for irrigation 2,542 acres of Rotation Hay & Pasture, 640 acres of pasture and range seeding, 10,999 acres of brush control and 24 ponds improved for fish production.

The local county Farmers Home Administration Committee, composed of Frank J. Jahn, Chairman, of Route 1, Burlington, A. Ralph Arnett of Route 2, Thorndale, and James A. Mann of Rt. 2 Buckholts, determines the eligibility of applicants for these loans.

Credit is also extended to full-time farmers by the Farmers Home Administration over longer periods to finance adjustments and improvements in farming operations.

Can't Get Rid of Your Cold?

Then try 666, the wide-activity medicine, for greatest effectiveness against all symptoms of all kinds of colds. 666 combines 4 potent, widely-prescribed drugs and gives positive dramatic results in a matter of hours. Its combined therapy covers the complete range of all cold symptoms.

No other cold remedy can match 666 Liquid or 666 Cold Tablets.

Benard Jungmann Reaides Scramble Heifer For Show

Benard Jungmann, Milam county 4-H boy, started fitting his Houston Dairy Scramble heifer the first of January. She was clipped all over on January 21. She was trained for lice and grubs and Benard was encouraged to brush the animal daily as well as lead her for a training period each day. The horns of the animal were trimmed last summer.

The dairy heifer is a Jersey purchased from Mr. Bob Gray, breeder at Holland, Texas. She was one year old April 20, 1955. We bred the heifer to one of Mr. Gray's bulls on July 11, 1955. She is due to calve on April 20, 1956. The animal is well developed and we are very pleased with the demonstration.

This animal will be shown in the local Milam county Junior Livestock Show here in Cameron on February 18.

Ribbon Display At Cameron Herald

County Junior Livestock Show Ready For Big Day February 18

Saturday, February 18th is the day of the Milam County Junior Livestock Show in Cameron, Texas.

Any member of a 4-H Club or F.F.A. Club is eligible to compete in the show in beef, dairy and swine divisions. Exhibitors will be allowed to place only one hog for ribbon money. All exhibitors must furnish pens for all classes of hogs. Recommended size is 4 foot by 6 foot.

Entries should be in place at the show by 10 A.M. on that date. Entry blanks can be obtained from the following vocational agriculture teachers: Leroy Thompson, Yoe High School, Cameron; Pat Kelley, Yoe High, Cameron; Cornelius Tinsworth, Buckholts; Albert Timmerman, Jr., Rockdale; Dwight Hise, Sharpe; J. W. Jackson, Thorndale; and Ralph Gregory, Milano; blanks may also be obtained at the Chamber of Commerce office in Cameron or from the County Agent, J. D. Moore. All entries must be in by February 4th, and may be mailed to the Chamber of Commerce office, Cameron. Other interested parties may enter livestock for exhibition purposes only.

A 4-H and F.F.A. display including ribbons to be given during the Livestock Show is in one of the windows of the Cameron Herald.

Farmers Could Use Unemployment Pay During Bad Weather Says J. A.

The Little River Philosopher this week sent in a letter in which he came out in favor of unemployment pay for farmers in bad weather.

This unemployment compensation is a fine thing. It's stabilizing, a man has to eat whether he's working or not and grocery stores still like to get cash, but why hasn't Congress extended the unemployment compensation idea to farmers?"

Producing food, he continues, may not be as important as producing automobiles and television sets, but not many people can really enjoy a television program when they're starving to death.

Of course, there'd have to be some rules, drawing unemployment compensation while you went fishing for a few days might be all right, but stretching it out for several weeks would be frowned on, although laying off when farm prices, because of the surplus, dropped so low you're about as well off sitting in the shade as plowing ought to be considered legitimate and bonafide.

As I understand it, when a plant produces too much, it shuts down and lays off the people until consumption catches up, and a similar situation seems to exist with farming right now, and if we had this farmer's unemployment compensation in effect, I imagie a good many farms could be shut down for a while until consumption caught up with production and the weather got prettier.

I've got my mail box in good shape and am ready for the checks to start arriving.

Yours faithfully,
J. A.

Proud Of Heritage Grandson Writes Of Grandfather Klecka

Ed Note: We are glad to encourage youngsters to write and it is heartening to find them as young as Philip Hubnik writing about his ancestors. Articles such as these might have to be edited slightly but we will be glad to use them, as space permits.

THE HISTORY OF MY FORE-FATHER
By Philip Hubnik

My grandfather Klecka was born in Czechoslowakia and came to the United States in 1909 when 30 years of age.

He landed in New York harbor and went to work in St. Louis, and saved his money to bring his family to this country.

He worked hard in a factory and finally had enough money to bring my grandmother and my two uncles to be with him.

The second trip across the ocean was rough, everyone was seasick, the boat rocked and sway ed for days. They were glad when they landed in Galveston.

They had some friends in Bell County so they got a job farming for them. Granddaddy only got about fifty cents a day. Finally he had saved enough to start a farm of his own.

The first crop on the farm, which was near a creek, was very good, but the floods ruined them and they lost their farm. They then rented a farm and they lived there for fourteen years.

They moved to Marak in 1927. Now they have a very nice home and they are retired farmers.

They had their FIFTY-THIRD wedding anniversary on January 26. They have six children, and two great grandchildren.

Their children are: Frank Klecka and Mrs. Phillip Hubnik of Marak, F. J. and Anton Klecka Jr. of Bell County, Mrs. Frank Janek of Cameron and Mrs. C. M. Hubnik of Hempstead, Texas.

NOTICE

CONTRACTORS' NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 1.429 miles of Brazos R. Br. & Approaches located at Brazos R., west of Hearne on Highway No. US 190, covered by S 103 (2), in Robertson & Milam County, will be received at the Highway Department, Austin, until 9:00 A.M. Feb. 21, 1956, and then publicly opened and read.

This is a "Public Works" Project, as defined in House Bill No. 54 of the 43rd. Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts.

In accordance with the provisions of said House Bills, the State Highway Commission has ascertained and set forth in the proposal the wage rate, for each craft or type of workman or mechanic needed to execute the work on above named project, now prevailing in the locality in which the work is to be performed, and the Contractor shall pay not less than these wage rates as shown in the proposal for each craft of type of laborer, workman or mechanic employed on this project.

Legal holiday work shall be paid for at the regular governing rates.

Plans and specifications available at the office of Joe G. Hanover, Resident Engineer Hearne Texas, and Texas Highway Department, Austin. Usual rights reserved. 45-2tc.

Baby It's Been Cold Outside

You may or may not have realized it, but it's been cold in Milam County during the past three months and the Lone Star Gas Company has come up with some weather facts to prove it.

The constantly chilling weather during November and December and into January, says Lone Star, has produced daily temperatures requiring heat in order to be comfortable.

Lone Star charts show that 65 of the 76 days through January 15 brought daily average temperatures of 64 degrees or below.

A company spokesman pointed out that normally, when the average temperature for the day falls below 65 degrees, a person requires some heating to ward off the cold.

Here are additional weather facts furnished by the gas company:

Highest average temperature in Taylor (these temperatures also apply to most other towns in the Taylor area) for the 65 "heating days" between November 1 and January 15 was 64 degrees on November 3 and 22 and December 16.

Eighteen of the 65 "heating days" recorded freezing temperatures, marked by a low of 19 degrees on December 16. None of the low readings during the 65 days exceeded 52 degrees.

At 7 a.m. on January 22, 1955, Lone Star had delivered 16 million cubic feet of gas to system customers since the first of that month. For the same period of 1956, the delivery was 18 billion cubic feet. The company delivered more than a billion cubic feet of gas for five consecutive days beginning Jan. 16. A record 24-hour send-out of 1¼ Billion cubic feet of gas was established at 7 a.m. on Jan 19.

"The prolonged period of heating weather has resulted in increased gas consumption," the gas company spokesman said. "But a lot of persons have been decevied by the sunshine and clear skies which have accompanied some of the cold weather. They measured the chilly mornings and nights in terms of balmy afternoons. There was a minimum of spectacularly cold or blustery weather during the 76 day period, making the public less aware of the extend to which heating equipment has been in operation.

"Our cycle system of billing also is a consideration. Under the cycle billing plan, one customer's bill may cover a different 30-day period than that of his neighbor just across the street or down the block. Bills mailed under one cycle could reflect 30 days of constantly cold weather, as was the case in December, while bills in another cycle might reflect only ten or twenty days of such weather."

☆ News From Milano ☆

MRS. DAN ROBINSON

Milano youngsters of the Methodist Sunday School went over to the Rockdale skating rink Sunday afternoon. Some of them came back with sore knees braging how they enjoyed the event.

Mrs. Don Marrison of Long Beach, California, was a guest of her Mother here last week Mrs. Marrison will be remembered as Miss Sybil Martin.

The Milano School board is sending Mr. W. W. Wilson to Atlantic City, New Jersey, the 16th of February to the National Convention of School Administrators They also gave him a three year contract as School Superintendent of the Milano Schools.

The children and other relatives of Mr. and Mrs. Dugan Vinton met at their home in Somerville Sunday for a family reunion dinner.

Weekend visitors in the home of Mr. and Mrs. Ray Corbin were their children, Mr. and Mrs. Lake and children of Houston and Mr. and Mrs. Freddie James of Buffalo.

Dr. Swain, District Superintendent of Marlin District, preached at the Milano Methodist Church Sunday morning. After the service he was in charge of the quarterly conference.

Mrs. Maggie Miller had most of her children with her Sunday for dinner.

Mr. and Mrs. Harold Louew and son from Carrigo Springs spent the weekend here in the home of her grandparents, Mr. and Mrs. Asa McGregor.

C. H. Kirkland of Corpus Christi was a recent guest of his parents Mr. and Mrs. Allen Kirkland.

Mrs. Clara Lute of Austin has been visiting her sister here Mrs. John Morgan. Mrs. Morgan has been ill but is improving.

Mrs. R. L. Mills has returned was visiting a sick granddaughter.

Mr. and Mrs. Jack Blackmon of Baytown were guests of his Mother here recently.

Implement Men Organize To Aid Soil Practices

Tractor and Implement Dealers of Cameron will be host to implement dealers throughout the Central Texas Soil Conservation District Monday February 3 at the Hefley Stedman Tractor Company in Cameron. These meetings, inaugurated recently are on a home and home basis between Temple, Cameron and Rosebud.

Cooperation with the Soil Conservation District is one of the primary concerns of the organization. Their aim is to assist in getting more soil and water conservation practices on the land.

The first project of the organization is to obtain Coastal Bermuda Sprigs and have them available for farmers when they get ready to set them out in the spring.

Monday night's meeting will be utilized in completing arrangements on the "Sprig" project and in searching for other ways that the organized efforts of all dealers may be applied to help in the conservation of our natural resources.

The eradication of one disease, brucellosis, would save the livestock industry of Texas an estimated $10 million annually.

Educational programs conducted last year by Texas county agents on pasture improvement added an estimated $35.6 million to the value of the pastures involved in demonstrations.

CHAMPIONS OF THE SEAS IN THE 1850'S WERE AMERICAN SHIPS BUILT BY EDWARD COLLINS. THEY ESTABLISHED SPEED RECORDS ACROSS THE ATLANTIC, BEATING OUT THE CRACK BRITISH LINERS.

Texas' Senator And President Owe Lives To Heart Research

Paced by volunteer workers in communities throughout the state the Texas Heart Association Wed. (Feb. 1) will start its month-long Heart Fund campaign for funds with which to combat the nation's number one killer disease.

State Heart Fund chairman for the February campaign is Senator Lyndon Johnson, himself stricken by a heart attack last July. Now sufficiently recuperated from the effects of the atack to resume his official duties in Washington, Sen. Johnson has termed the money contributed to the Texas Heart Fund "an investment in human lives."

Goal of the 1956 Heart Fund is $676,000 - money to be used in research, education and community heart programs, the Heart Fund chairman pointed out.

In urging the support of all Texans for the 1956 Heart Fund, Sen. Johnson expressed doubt "that I would be here now except for the application of medical knowledge gained from such research prior to the heart attack I suffered last July."

"This is a cause in which all of us can work together for the good of humanity," Sen. Johnson declared. "I know Texans will not fail to meet this challenge."

Dr. Henry A. Holle, Texas Commissioner of Health, recently noted that heart diseases accounted for the deaths of 20,191 Texans in 1954 (latest year for which figures are available), and termed the disease the state's number one killer.

Funds contributed to the Texas Heart Association during Heart Fund month may be given throu gh community heart groups associated with the Texas and American Heart Associations, or may be sent directly to the THA by mailing them to the donor's local postmaster, marked "Heart Fund, in care of Postmaster," it was pointed out by Sen. Johnson.

L. D. Barnes Jr. Of Thorndale Acclaimed By Col. M. Schwartz

Milam County and the Draft Board office in Cameron were honored by a visit from Col. Morris S. Schwartz, State Director of Selective Service, last week.

While in the county, Col. Schwartz visited in Thorndale and presented Mr. L. D. Barnes, Jr. Co-Chairman of the Milam County Draft Board, with a five-year certificate of service. The certificate carried the well wishes and General Hershey, the National Director of Selective Service and Governer Shivers. Col. Schwartz commended Mr. Barnes Very highly for the fine service he has rendered Selective Service since his appointment to Local Board No. 92 and extended his personal appreciation and best wishes.

Happy Birthday, Boy Scouts

We salute the Boy Scouts of America on its 46th birthday, now being observed during Boy Scout Week, February 6 to 12.

Scouting is a program for all boys everywhere. It is successful in the widest rural areas and in the most congested cities. It possesses an inherent appeal for the healthy, vigorous, normal American youth and also offers fields of achievement for the handicapped.

It has often been said that a boy can always find something to do. It is when he finds something to do that does not measure up to reasonable standards that he may get in trouble. Scouting offers a steadying hand that often tips the scales away from delinquency.

Scouting has three program parts to meet the needs of boys of different age levels.

Over one million families, together with their eight-to-ten-year-old-sons participate in Cub Scouting, said to be America's largest and most dynamic parent-and-boy program. Today there are 1,430,000 Cub Scouts in 36,000 Cub packs.

Boy Scouting provides for eleven-, twelve,- and thirteen-year-old boys and an outdoor program that helps them grow in character and citizenship. Today 1,160,000 Boy Scouts are active in 54,000 troops.

Exploring serves the boy of fourteen and over with a rich program filled with high adventure and opportunities to practice good citizenship. Today 440,000 Explorers are members of 14,000 Explorer Units or are Explorers in Boy Scout troops.

Many hands join to bring Scouting to these 3,030,000 boys and young men. In addition to the 1,070,000 adult volunteers who provide the leadership for them there are 68,000 sponsoring institutions that actually operate the 104,000 Scouting units. This roll of institutions sponsoring Scout units really represents democracy in action. They represent the religious, civic, educational, and veterans organizations of the nation.

Our readers will wish to join us in saying, "Happy Birthday, Boy Scouts!"

R. H. "Dick" Gray Is Lone Star Gas Regional Manager

The appointment of R. H. (Dick) Gray as Regional Manager of Lone Star Gas Company's South Texas Region of Distribution, with headquarters at Waco, has been announced by M. L. Bird of Dallas, vice president in charge of the company's General Division of Distribution.

Mr. Gray, formerly a district manager at Waco from 1939 to 1951 and a 30-year career man with Lone Star, succeeds A. P. Rowland, who has been promoted to the post of Assistant General Manager of the company's Fort Worth Division of Distribution.

The new appointment of Mr. Gray becomes effective February 1. He served as Superintendent of Lone Star's Abilene Division of Distribution prior to this appointment.

In his new position, Mr. Gray will direct the gas service and maintenance operations in Cameron and more than 100 other communities, towns and cities in the South Texas Region. These company-owned and operated distribution plants serve more than 134,000 residential, commercial and industrial customers.

Mr. and Mrs. Clarence Crook and Mr. and Mrs. Bill Becker were Thursday evening guests of Mr. and Mrs. Ray Tucker for a chili supper.

1040A Tax Form Saves Headaches Says H. W. Ewing

The small income tax return form 1040A is again the choice o many taxpayers. "This is the new form that was introduced last year to save certain taxpayers many headaches," Mr. H. W. Ewing of the Internal Revenue Service office at Temple said today.

"A taxpayer whose gross income was less than $5,000 and consisted entirely of wages reported on form W-2, and not more than $100 total of other wages, dividends, and interest, is eligible to use the card form.

"If you use this special form, merely enter the required information on the card, sign it, attach your W-2 statements, and mail it to your district office of Internal Revenue at Austin, Texas. They will figure your tax and send you a check for any refund, or a bill for any amount due. It is just that simple," said the official.

Puts you in the Big Time

for a small-car price

This new Buick SPECIAL 2-Door 6-Passenger Sedan delivers locally for less than some models of the well-known smaller cars. Come in and check!

WHY hold back from the fun and thrill and pride of bossing a Buick—when you *can* boss such a big and strapping beauty for the price of a smaller car?

Hard to believe? Listen . . .

If you can afford *any* new car, you can afford this brawny Buick SPECIAL Sedan—for a very simple reason.

This Buick is priced within a few dollars of the well-known smaller cars—and actually costs *less* than some models of those very same cars. (The price we'll show you proves that.)

Want more proof? *For two years in a row now, Buick has outsold every other car in America except two of those well-known smaller cars.* And you can bet your bottom dollar that it takes bedrock prices to stay in the Top 3 of the nation's best sellers.

But even that isn't the whole story—not by a long shot.

Folks are buying Buicks in record numbers because they find in these big beauties a lot more automobile for the money.

They find here more styling freshness and distinction—more snap and ginger and power thrill—more comfort and luxury—more ride stability and steadiness—and more structural solidity and pure automobile than the same money buys elsewhere.

So if you want to move into the big-car travel world at a small-car price—if you want to have the time of your motoring life with the lift and lilt and pride and prestige of a beautiful new Buick as your very own—what's holding you back?

Drop in on us right quick—tomorrow, maybe?—and we'll show you the biggest bundle of high-powered Buick ever offered in America's low-price field.

Best Buick yet

OPERATION WIFE SAVER

it's NOT a really modern automatic laundry

. . . unless you have BOTH!

1 the fast, economical automatic gas dryer

Rain or shine, day or night, you choose your own laundering time, no matter what the weather. Only the GAS dryer is fast enough to keep up with your automatic washer, it takes clothes as rapidly as they're washed, delivers them in minutes fluff-dried (with that sweet, clean, outdoors smell). What's more, much of your usual ironing is eliminated, for wrinkles are actually steamed out. There's no more clothes-line drudgery, no more soiled, sun-faded washing.

DON'T BE FOOLED

Almost everywhere in Lone Star Land . . .
For what it costs to dry clothes 1 year electrically . . . you can dry clothes 7 years with flame-fast GAS!

2 the thrifty laundry-rated automatic gas water heater

A laundry-rated automatic GAS water heater is vital to every really modern home laundry. Correctly-sized, it gives tankful after tankful of really hot, hot water 3 times faster than any other heater. There's always plenty left over after washing for other household needs too. And the hotter the water the whiter the wash! You save money on bleaches and soaps—and you save laundering time, too!

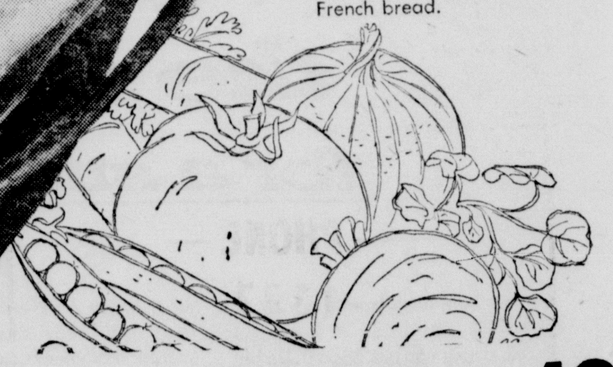
Delight the family with
Savory Chicken-Vegetable Soup

Here's how to make it:

1 Stewing Chicken (3½-4 lbs.), cut in serving pieces
3 quarts water
2 tablespoons salt
1 onion, sliced
½ teaspoon poultry seasoning
½ bay leaf
pinch of rosemary

4 cans mixed vegetables **or** 4 different kinds of vegetables such as beans, carrots, corn and onions **or** 4 packages frozen mixed vegetables **or** equivalent of fresh diced vegetables as carrots, celery, parsley, potatoes, spinach, beans and green pepper. Place chicken in large kettle with water, salt, onion, poultry seasoning, bay leaf and rosemary. Simmer at back of range for 2 to 3 hours or until chicken is barely tender. (Chicken may be cut from bone in small pieces, as shown in photo.) Add desired vegetables. Simmer 'til vegetables are done, salt again to taste. Serve in large bowls with oyster crackers or French bread.



A pinch of this . . . a dash of that makes soup taste extra good!

J. W. Beales Jr. Recently Wed, Now At Home In Cameron

Mr. and Mrs. J. W. Beale, Jr. are now at home at 701 East 14th. Street in Cameron following their recent marriage at Hope Lutheran Church in Buckholts.

Mrs. Beale is the former Miss Dorothy Fuch, daughter of Mr. and Mrs. Walter H. Fuchs of Cameron while Mr. Bealé is the son of Mr. and Mrs. John W. Beale Sr. also of Cameron.

The Double ring ceremony was preformed at 5:30 on Sunday evening with the Reverend John A. Pietsch officiating.

White stock and foliage with white satin bows and four candelabras decorated the church. Ladis Marek, Jr. of Cameron played the nuptial music and Mrs. Calvin Spilman, nee Miss Shirley Horstmann, of Corpus Christi sang "Because" and "The Lord's Prayer".

The father of the bride presented her at the altar for marriage.

The bride's wedding dress was of white nylon tulle and Italian chantilly lace over satin. The basque bodice, with sweetheart neckline and pannelled skirt of lace and tulle delicately re-embroidered with irridescent sequins and seed pearls, extended into a cathedral train. The gown was of the Moyenage period.

Five white orchids, surrounded by white carnations and Lilies of the valley made up the bride's bouquet and her fingertip veil fell from a cap of tulle, outlined in seed pearls.

Miss Rita Reid of Cameron and Mrs. Tommy Hunt, cousin of the bride of Bartlett were bridesmaids who wore identical floor length dresses of blue embroidered taffeta princess style, with low cut back accented by matching velvet bow, plus a shirred velvet bandeau and carried red rosebuds

Best Man was Billy Bob Adams of Cameron with Leon Beale, brother of the groom and Preston Reichert, both of Cameron as groomsmen.

Howard Beale, brother of the groom and Alton Fuchs, a cousin of the bride both of Cameron were ushers.

Baskets of white stock decorated the home of the bride's parents where the reception was held. The bride's table was laid with a cloth of white satin and silver, and a centerpiece of white carnations, white tulle and lilies of the valley.

A three tiered cake decorated with spun sugar wedding bells and roses, was served by Mrs. Leo Fuchs, aunt of the bride. Mrs. Cecil Allen, sister of the groom poured and Mrs. W. W. Wade, sister-in-law of the groom from Blackwell, Texas presided at the brides book.

Others in the House party were Mrs. H. W. Wade of Houston, Mrs. Johnnie Fuchs of Buckholts Mrs. Arnold Glaser of Buckholts, Mrs. Dewey McElwrath and Mrs. A. B. Hairston of Cameron, Miss Evelyn Glaser of Buckholts and Mrs. Billie Beale of Seminole.

The mothers of both the bride and groom wore navy blue with white accessories and white carnation corsages.

The brides going away clothers were of powder blue with pink accessories and an orchid corsage.

The couple journeyed to Corpus Christi and other points on the gulf for one week before returning to Cameron.

Both Mr. and Mrs Beale attended Yoe High School. Mrs. Beale is employed at the Citizen's National Bank and the groom is with the Lone Star Gas company in Cameron.

Out of town guests were from Houston, Seminole, Blackwell, Pt. Lavaca, Temple, Waco, Bartlett, Rogers.

FUTURE BRIDE—Miss Flora Mae Pawelka's engagement to Norbert John Mikulec is announced by her mother, Mrs. Theresa McCord. The groom-to-be is the son of Mr. and Mrs. Frank Mikulec Sr. of Cameron. They plan a late summer wedding.

Business Women Organize New Baptist Circle

Twelve members and four guests were present at the first meeting of the newly organized Business Women's Circle of the Womens Missionary Society of the First Baptist Church Tuesday night February 7, in the home of Mrs. Ruth Lagrone.

Mrs. E. A. Jones first vice president of the society, was in charge of the meeting until the nominating report was read and voted upon and then she turned the meeting over to Mrs. Winnie Mae Green the Chairman. Other chiarman elected were: co-chairman, Mrs. Ruby Lee Swanzy, Program, Mrs. Helen Patterson; Social, Mrs. Stella Thorpe; Stewardship, Mrs. Ruth Lagrone; Treasurer, Mrs. Inez Wilson; Young Peoples Representative, Mrs. Zelda Springer; Community Missions, Mrs. Frances Mallard; Mission Study, Miss Natalie Bynum; Prayer, Mrs. Frances Price.

During the business session the members voted to meet the second Tuesday night in each month. The next regular meeting being March 13, at the Senior Department of the First Baptist Church.

A special meeting was called for February 17 at the home of Mrs. Drayton McLane for the purpose of installing the officers.

"God Save America" was the theme of the program led by Mrs. Winnie Mae Green. Pantomime, presenting the work of the Home Mission Board, Mrs. Zelda Springer was dressed in a 19th century costume with a packing barrel and boxes for missionaries; Mrs. Helen Patterson represented the red-skinned people dressed in a squaw dress; at different times taking the part of a young Negro, a Jew and a soldier was Miss Natalie Bynum; Mrs. Frances Price, in an evening dress, represented the millions who find their pleasure in night clubs; Mrs. Ruby Swanzy and Mrs. Frances Mallard dressed as Eskimo and Cuban, represented Baptist Missio nBoard's service in outposts of the United States as well as those who live in our own dear country.

Janice Calhoun of Rockdale has California visited for a week in the home of his parents Mr. and Mrs. V. A. Kubecka. This was his first time home in two years.

Dr. E. H. O'Neal of Rockdale is reported to be in a Temple hospital for an operation.

TEXAS PRESS ASSOCIATION MEMBER 1956

MILTON F. BROWN, JR. ——— Publisher

Entered in the Postoffice at Cameron, Texas, as mail matter of second class under an act passed by Congress, March 8, 1879.

Published every Thursday. Subscription rates: In Milam County $1.75 per year; outside county, $2.75; out of State $3.50.

No Induction Quota For Milam In Feb.

Eleven young Milam County men attained the age of eighteen during the month of January and, as required by law, reported for registration with the Milam County draft board office, located in the Citizens National Bank Building in Cameron. They are as follows: Ambriz, Joe Munez, Jr., Wayne, Cameron; Boecker, Carroll William, Buckholts; Courtney Joseph Enloe, Cameron; Denman, Bobby Eugene, Milano; England, Curtis, Cameron; Jahn, Robert Milton, Burlington; Johnson, Willie Lee, Cameron; McQuerry, Packard Patrick, Rockdale; Pevehouse, Thomas, Cameron; and Shields, Dillard, Thorndale.

Milam County does not have an induction quota for February, which means that not a man will be forwarded to the Induction Station from Milam County during February. An induction call has been received for March and calls for five men to be inducted March 20. There will be no men from Milam County sent for preinduction physical examination during the month of February and a call has not been received for March, to date, for preinduction physical examination Milam County now has a total of forty-three men examined and acceptable and 426 I-A men who have not been examined.

Social Security Board Representative Here

The regular visit of the social security representative to Cameron, Texas, will be Tuesday, February 14, 1956. You are invited to contact this representative at the Department of Public Welfare 1:00 p.m.

Texans Eat Beef Every Day . . . Why Not Texas Fed Beef?

BY O. A. WHITE

The farmers in Milam County could have a $2 million per year cattle feeding industry if enough interest could be stimulated. It is possible to make a profit feeding cattle. There are at least five major factors necessary to have a successful feeding operation, namely: proper animals to feed, proper rations, a suitable place for feeding, adequate capital and a good market for the fed animals. All of these factors are easily available to the Milam County farmer. The reduction in cotton acreage allotments has made new uses of the farmers' land necessary. The results of a shift to other uses are reflected in the surplus feed which was produced in Milam County in 1955. Feed from this area is being shipped to California and other points and put into cattle feed lots there. Texans are getting about 96 percent of the 3 million head of cattle which they consume annually from northern markets. Feeder animals are purchased in Texas by northern feeders, shipped to northern feed lots and fed out there, butchered there and shipped back to Texas for consumption. The cost of sending these animals north and back is around 20.00 per head.

When large buyers of meat for resale in Texas are asked why they buy from northern markets rather than at home they tell us that they are not able to get a consistent supply of fed animals. But, they further say, that if a consistent supply were available at home they would be glad to buy here. This means that cattle must be fed the year around in Texas in order to compete with northern markets.

We have the cattle here for feeding and there is assured a good market at the local auction. There is no doubt that responsible persons would be able to secure adequate financing and we have the feed here for sure. You may not realize it but there are about 3 **thousand** head of cattle butchered at Cameron alone each year. We need to use

Milano High Plans Regular Student Show Over KMIL

The Glee Club of the Milano High School were guests at KMIL Wednesday Feb. 8 on the "For Woman Only" program.

Milano pupils are planning to make this a regular weekly event They will present varied types educational and musical programs.

LITTLE RIVER PHILOSOPHER WANTS SOIL BANK TO INCLUDE PLAN FOR 6-WIRE FENCE TO RESTRAIN COWS.

Editor's note: The Little River Philosopher on his Johnson grass farm on Little River thinks he has found a flaw in the latest farm relief plan, but the flaw may be in him, not the plan.

Dear editar:

Because I don't want Congress to go off half-cocked in solving the farm problem, solving it through the November elections would be some help but farming will have to go on just the same next year too, I've been doing some heavy thinking out here on my farm lately.

As I understand the heart of the proposed solution, a soil bank will be set up to take a lot of land out of cultivation, to cut down on over production, but here's one catch in it which I think I ought to point out.

The proponents of this plan have already discovered that if the retired land is put in grass and grazed, it'd only serve to increase the cattle surplus, so they have pointed out that the retired land can't be grazed.

They figure that'll take care of that, but they're wrong. They don't know my cows, or my fences.

I would appreciate you getting hold of our Congressman right away and pointing out to him that it's hard enough to get people to pay attention to government regulations, but impossible to get cows to do it.

Unless Congress writes into this soil bank bill a provision to build some new fences, a sort of fence-control plan along with the acre-control one, the soil bank idea is doomed to failure.

Oh, I could tell my cows what the new regulations are, will be glad to, but you let one of my neighbors take out some good land, plant it in lush soil-building grass or clover, and not do anything about my fences, and the plan will flop. If the government thinks my cows, thrown up alongside the temptation of a beautiful un-used pasture, have the character and the patriotism to stand back and let the grass grow untouched, it just doesn't know my cows. They're like most humans, a square meal now is worth more than fourteen banquets ten years from now.

I hope you will see the light and get Sec. Benson to working on a plan to include a six-wire bobwire fence around all the land that's put into un-used grass. It's the only thing that'll hold the meat surplus down, and cattlemen can vote in November the same as farmers.

And there's no use looking to me to do something about the fences. The government will have to do it. If I'd wanted better fences out here, I'd have already built them. The way I see it, life has too many restrictions as it is.

Yours faithfully,
J. A.

Training Texas Highway Patrol On Texas Review

Texas has one of the finest highway patrols in the nation. And next week, The Humble Company's Texas in Review, will show how Texas highway patrolmen are trained. The filmed program will go with the candidate from the time he sends in his application to his graduation from the school. There will be comprehensive films showing classrooms and what type training, both mental and physical, each highway patrolman has to pass.

THE 860 TWO-DOOR CATALINA

The car says ***GO*** *and the price won't stop you!*

Easy way to break the small car habit!

It's the hardtop buy of the year —the most power and size per dollar of any car in this style.

If you're accustomed to buying in the low-priced-three range, chances are you're paying for Pontiac's size, performance and distinction—*but you're not getting it!* As a matter of fact, *you're not even coming close!*

Actually, the big, handsome Pontiac 860 Catalina you see here is priced within the reach of just about any new-car buyer!

Its king-size 122-inch wheelbase gives you up to seven inches more road-leveling length. This extra-long wheelbase—*size where it counts*—is what gives Pontiac its genuine big-car comfort and stability. And certainly it follows that this size extends as well to its rich, luxurious interior!

But behind the wheel is where you *really* feel your dollars doing double duty!

Where else at a price so low can you enjoy the thrilling sensation of bossing the most modern, most advanced power plant in the industry — the mighty Strato-Streak V-8?

Where else at a price so low can you get the luxury of Pontiac's optional Strato-Flight Hydra-Matic—America's newest, smoothest automatic transmission?

Where else at a price so low can you find all the other fine-car features that put you so squarely on even terms with buyers of far costlier cars?

Come in this week and see how easily this heart-lifting Strato-Streak beauty can be yours. Once you do, you'll be out of the small-car class forever!

You can actually buy a big, glamorous Pontiac 860 for less than you would pay for 44 models of the low-priced three!

Million Per Day Is Postal Loss Says John Hays

In A Speech Before Cameron Rotary Club

The Post Office Department - which belongs to everybody - affects all of our citizens in its daily operations.

It is a great business-type enterprise within the Government, requiring the use of the most modern methods, practices, and policies so that the American people may receive the best possible service at the most economical cost level.

Consequently, it is now losing money at the rate of at least a million dollars every working day

Despite recent economies and greater efficiency, which have reduced the postal deficit approximately 40 per cent in the past two years, the Post Office Department faces a deficit of nearly one half billion dollars in the fiscal year 1956. Two hundred million dollars of this huge loss is the new yearly cost of the recently enacted pay increase and other employee benefits.

The Post Office Department has gone about as far as it can in reducing costs without impairing service.

New postal revenue is needed now to meet the increased costs of operating the Post Office Department; to provide facilities to handle the increasing mail volume; to improve service to our growing nation.

Should the Post Office Department Be Self-Supporting?

Comments are occasionally made that "in the entire history of the nation the Post Office Department has never been self-supporting" and that "it was not intended by the Founding Fathers to be operated on a self-sustaining basis."

Like so many generalities these conclusions are false and do not jibe with the facts.

Initially the Post Office Department was a money-maker for the Government. In fact, in 1836 Postmaster General Kendall clearly stated the Post Office Department's policy in these words: "Everything shall pay its own way."

In a 151 year period, from 1789 to 1940, the postal deficit averaged less than $10 million dollars per year.

In the war years 1941 to 1945 the Post Office Department operated at an accumulated surplus of $163 million due, in large part, to the stability of costs during a period of increasing volume. An additional factor was the assumption of a large portion of the cost of transporting overseas mail by the military branches of the Government.

This nearly break-even record from 1789 through 1945 is n imarked contrast to the soaring deficits accumulated in the post-war years.

During a time of unprecedented national prosperity in the 10-year period since World War II, 1946 through 1955 - the postal deficit has zoomed upward to a total of $4.6 billion dollars. The interest alone on this portion of our national debt is now costing American tax payers more than $100 million dollars a year.

Postal Rates Have Not Kept Pace

The Fiscal plight of the Post Office Department is due primarily to the fact that postal rates have not kept pace with other price increases during recent years.

Moderate Increases Necessary

Postmaster General Arthur E. Summerfield recently stated the Department's psoition when he said: "There is only one way to substaially reduce the postal deficit. That is by icreasing rates of postage. If postage rates are not increased, the Department will continue to operate at a heavy loss."

The Department has asked Congress to increase letter rates by one cent on each letter regardless of weight.

The Department has also recommended that rates for Second Class mail (magazines and news papers) and Third Class mail (advertising matter and parcels up to 8 ounces) be increased in some what the same proportions.

Second and Third Class mail service are primarily used by business. Also, although not generally realized, three out of every four regular letters are also mail ed by business organizations.

The increase of one cent in the letter rate would cost the average family only about ten cents a month. Even at the new rate proposed for letter mail, the American citzen will still receive a bargain rate.

The five-cent street car fare, and the ten-cent loaf of bread are gone forever. And yet, the postage on letters is still three cents - the same as it was in 1932 nearly a quarter of a century ago.

If the 3-cent letter rate was fair in 1932, it is obviously too low now. In terms of increases in the geneal price level, the 3-cent stamp would cost six cents today The proposed 4-cent letter rate will be an economical buy. Our neighbors in Canada, for example, pay five cents postage for regular letter mail. Canada, like most major nations other than the United States, runs its postal service on a breakeven basis.

First Class letter mail is by far the largest single source of reven us and expense to the Post Office Department. Without an increase in regular letter rates, the Post Office Department cannot take in enough money to operate on a early selfsupporting basis.

In handling Second Class mail (magazines and newspapers during the 1954 fiscal year (the latest for which figures are available), the Post Office Departmet lost $232 million dollars.

About sixty per cent of this loss is chargeable to the low postage paid by publishers for carrying magazines. Here are two typical examples:

A popular weekly general magazine pays 2.2 cents postage per copy and costs the Post Office Department 5.8 cents per copy to handle and deliver. The difference of 3.6 cents per copy is paid by the taxpayers.

A monthly publication with a mail circulation of well over 2 million copies per issue pays 24 cents per copy. The cost is 5.6 cents per copy with the taxpayer footing the difference of more than a million dollars each year.

These losses on Second Class mail are so excessive that the postage paid barely covers the for transportation, leaving only a small portion of the revenue to cover the huge expense of handling and distributing this large tonnage of mail.

The picture is somewhat the same for Third Class mail (advertising materials and small par cels up to 8 ounces).

In the 1954 fiscal year, the taxpayers of the country subsidized the users of Third Class mail - consisting largely of advertising matter - to the tune of $147 million dollars. This is the difference between the Department's cost of $399 million dollars and Third Class mail receipts of $252 million dollars

There is a mistaken belief that much of the postal deficit stems from airline subsidies for hauling mail and from the practice of free service on franked and penalty mail. These services no longer are provided by the Post Office

Americans Believe In "Pay-As-

If you give to Easter Seals — those children who are crippled today can be the happy and healthy adults of tomorrow.

☆ News From Burlington ☆

MRS. GEORGE LOGAN

Sgt. Edgar E. Boehme who has been in service in Germany for some time arrived here January 31, with his wife and baby. The couple will be at home with his parents, Mr. and Mrs. Charlie Boehme, until March 1, when they will report to Fort Sill, Oklahoma.

Some Burlington friends and relatives of Mr. M. Belson of Rosebud attended his funeral at Rosebud Friday, January 3.

The many friends here of Mr. James Mallard of Marlin are very sorry to know of his death Wed.

Mr. Jake Futschik recently built a new bedroom on to his residence.

Rev. Henry Davenport will be ordained here at the Baptist Church Sunday March 4, in the afternoon.

Mrs. Henry Litzman is home from the Rosebud hospital and recovering nicely.

Many friends and relatives here attended Mrs. Frank Mus funeral at Westphalia Monday

Mr. and Mrs. Frank Rogers have been making visits to his sick uncle, Mr. Ed Adams, in Cameron.

The Senior Sunday School class of the Baptist church enjoyed a party at the church one night recently. Their teacher, Mrs. Fred Davenport, led the games and served refreshments.

Brother Lewis Newman filled his regular appointment at the Baptist church here Sunday A.M. He was accompanied to Burlington by Mrs. Newman and their boys. The Newman's had dinner with Mr. and Mrs. James Vickers and family. They returned to Ft. Worth Sunday afternoon.

Some of the Burlington folks attended the Milam County Baptist Workers conference at San Gabriel Baptist church Monday night, February 6.

Mrs. Frank Rogers is improving from minor surgery she had at the Rosebud hospital recently.

Presbyterians In San Antonio To Spend 5 Million

The Presbyterian Church, Synod of Texas held a one day meeting at San Antonio at the Plaza Hotel for the purpose of initiating a more than $5 million dollar campaign for its institutions and agencies. Including five denominational schools, the Mo-Rach Assembly, near Kerville and the Child Placement Agency. Also is a fund for building new churches.

The convocation was attended by Rev. John Solomon and other members of the First Presbyterian Church.

Kalkbrenner's Have New Arrival Sunday Morning

Mr. and Mrs. Bobby Kalkbrenner of Ben Arnold are the parents of a son born Sunday, February 5 1956 at St. Edward Hospital. Ronald Keith, weighing in at seven pounds and four ounces.

Ronald is the first child of the Kalkbrenner and first grandchild of Mr. ad Mrs. Rboert Kalkbrenner of Cameron. Mrs. Kalkbrenner was the former Maxine Schoutze, daughter of Mr. and Mrs. Max Schoutze, the maternal grandparents.

The oldest and largest voluntary organization serving the crippled is your Easter Seal Society. Support it.

At Easter time use Easter Seals on all your mail. Spread the good tidings of help for crippled children.

Mr. and Mrs. Bill Harrison of Seaton were visitors in the Hubert Skala home Tuesday. Their little grand-daughter who was visiting the Skalas returned home with them.

Former Milam Man Lands Berth In Nat'l. League Team

Victoria, the city which recently acquired Texas City's professional baseball franchise, is busily making preparations for a sucessful campaign in 1956. Helping to lay the baseball foundation in Victoria is the best known baseball personality ever to emerge from the Mainland City, John (Red) Murff, winningest pitcher in the Texas League in 1955 who is currently serving as temporary business manager for the Victoria club.

Murff is a former Milam County resident, who was born between Burlington and Ben Arnold. He is the son of Mr. and Mrs. Louis Murff of Ben Arnold and is a high school graduate of Rosebud High.

Latest honor awarded the Texas City athlete was announced during the past weekend by the Sporting News, a nationally circulated sports publication. In a poll of leading sports writers throughout the country. Murff was selected as the most valuable minor league baseball player in the U. S.

The selection was based on Murff's outstanding mound record last season with the Dallas Eagles, during which time he accounted for 27 victories while dropping only 11. The mark tied Snipe Conley's all-time record for the most wins in the Texas League, established back in the 1920's. Murff's 27-11 record last season also established him as the winningest pitcher in baseball in 1955. In addition to this, Murff also had the lowest earned run average of any other pitcher in the country of 1.80.

The 32-year-old Texas Citian added two more victories to his credit in the Texas League playoffs which were not recorded as a part of his mound record since playoff games are not considered part of regular season play.

Serving as temporary business manager for the Victoria baseball team Murff is currently contacting Victoria business establishments for the purpose of selling fence advertisements for the new club in 1956. He is also helping with the sale of box seats and is handling some of the paper work in connection with the acquisition of ball players and the signing of contracts.

Murff, who was sold to Milwaukee at the end of the 1955 season, will report to the Braves' training camp in Florida February 15 to begin spring training.

His professional baseball career started in 1950 when he pitched for the Baton Rouge Red Sticks in the Class C Evangeline League. During the early part of the 1951 campaign he performed with the Class AA Nashville Vols of the Southern Association but was shifted to the Texas City Pilots of the Gulf States League prior to mid-season. He went on to win 19 games for the Pilots in 1951 and pitched a no-hit game against Corpus Christi later that season.

School Lunch-Milk Program Expands

Both the School Lunch and School Milk Programs continued to expand during the first half of the current school year. The number of children eating complete lunches under the National School Lunch Program is up 10 percent over last year, and the number of schools approved for the Special School Milk Program is up 48 percent.

Texas now has 2,061 schools approved for the program. The National School Lunch Program provides children with well-balanced lunches furnishing one-third of their daily nutritional requirements. There were 9,400,000 children eating lunches with milk under this program in October. This is a gain of 10 percent over the 8,500,000 children in October of last year. Over 2,000,000 more were participating in the milk-only feature of the National School Lunch Program last year, making a total participation of nearly 11,000,000. This year, however, this feature has been consolidated under the revised Special School Milk Program.

Young Punk . . . .

The size of many families poses a problem to agents of the Internal Revenue Service providing taxpayer assistance. One Denver agent asked a taxpayer to also enter the name of his youngest child in the exemption section.

"We haven't got around to naming him yet," he was told.

"Well," said the agent, "what do you call him?"

"We just call him 'Young Punk.' "

And that's the name that went on the return for the official record.

When You Travel — Tips on Tipping

Tipping the right people the right amount is the hallmark of the experienced traveler. Knowing whom to tip—when and how much—will make your trip smoother and more enoyable.

Going by plane your tipping problems are nil, and by train they are few. By ship, a figure on a base of 10% of the passage price to be distributed among cabin, deck, dining room and bath stewards—with extra amount if you obtain extra service.

When you arrive, you'll have to find out who gets tipped. For example, in France and other countries, you are expected to tip theatre ushers and museum guides. Main rule is: Do all your tipping in the currency of the country. Carry only small sums of cash, the rest of your funds in American Express Travelers Cheques—they can be spent or changed into local currency anywhere.

Two don'ts: Don't overtip, and never try to tip customs or government officials.

HOWDY MA'M . . .

Some people think we're **TOO FRIENDLY** but we shore don't aim to be. We're Texans and we just can't control these big Texas smiles on our faces. Believe me folks we have something to smile about. Cause we're shore proud of our MINIMAX STORES and our employees who staff and operate them . . . All of us at MINIMAX ARE just full of smiles because we know we have the . . .

by most people. It is a simple matter of putting first one foot down and then the other.

Representing the hundreds of crippled children who received help from the National Society For Crippled Children this is one of the youngsters who is being treated this year.

Brunch Honors Martha Lewis Bride To Be

A brunch Saturday Jan. 21 honored Miss Martha Nell Lewis whose marriage to William Crenan will be an event of February 11 at St Mary's Cathedral, Austin

Mrs. Drayton McLane and Mrs. O. B. Harden, aunts of the honoree were hostesses to twenty-five guests in the home of Mrs. McLane.

The guests were greeted by Mrs McLane and presented to Miss Lewis and the mothers of the engaged couple, Mrs. A. J. Lewis and Mrs. Bartel Crenan.

The dining table was covered with a white linen cloth and a centerpiece of white driftwood with red sequins and red carnations was used. Mrs. Nick Brennan of Austin, sister of Miss Lewis, presided at the silver service, and Mrs. Jack Shrode of Austin; Misses Ellen Frances Crenan, Lynn Lewis and Kate McLane also assisted in the dining room.

John R Meyer of Bryan was a week-end guest of his parents, Mr. and Mrs. J. W. Meyer.

Boy Scout Sunday In Churches

Boy Scout Sunday will be observed in churches of all faiths on Sunday, February 12, with Scouts attending services in uniform. Scouts who have qualified for the religious awards of their faiths will then be honored. "Duty to God" is a special emphasis as the Four-Year Program is launched.

SCOUT OATH OR PROMISE:
On my honor I will do my best:
To do my duty to God and my county, and to obey the Scout Law;
To help other people at all times;
To keep myself physically strong, mentally awake, and morally straight.

SCOUT LAW: There are twelve points to the Scout Law — A Scout is trustworthy, loyal, helpful, friendly, courteous, kind, obedient, cheerful, thrifty, brave, clean, and reverent.

CUB SCOUT PROMISE: I , promise to do my best to do my duty to God and my country; to be square and to obey the Law of the Pack.

SCOUT MOTTO: "Be Prepared"
SCOUT SLOGAN: "Do a Good Turn Daily"

Religion Offered In M.H. Baylor Evening Classes

Registration for evening classes at Mary Hardin-Baylor College will begin Feb. 6, according to Dr. C. A. Anderson, dean of the college. Classes will be taught on Monday, Tuesday and Thursday nights and Saturday morning, and other courses may be offered on demand.

A class in Religion 336 is being offered upon the special request of Southern Baptist, who have asked that it be made available for Sunday school workers and teachers, Dr. Anderson explained.

Monday evening classes will meet from 7 to 9:45 p.m. for the entire semester, and Tuesday and Thursday classes will meet for four hours a week for 10 weeks Saturday morning classes will be from 9 to 12 a.m.

Tuesday and Thursday classes already scheduled are Religion 336, New Testament doctrines, from 8 to 10 p.m.; Speed 132, public speaking, and English 132, rhetoric and composition, from 6 to 8 p.m. Monday classes are Sociology 334, crime and the criminal, and Education 432 E and H, audio-visual education. Educational Psychology 332, mental hygiene, will meet on Saturday mornings.

Registration will be Feb. 6 for Monday classes; Feb. 7 for Tuesday-Thursday classes and Feb. 11 for Saturday classes. The first class session will be held immediately after registration.

Dr. Anderson said that all courses may be taken for credit or non-credit adult classes in home economics and typing are under way, with details to be announced in the near future.

Choice of this dashing Lancer Hardtop or the big, rangy 4-Door Sedan

YOU'LL KNOW THE MOMENT YOU SEE IT...

The Texan Was Made For You!

It's your kind of car . . . this handsome, rugged *Texan* by Dodge! At the very first glance, you'll know this is true. And when you take the wheel and "give the gun" to its mighty, aircraft-type, Super Red Ram V-8 engine, your enthusiasm will burst all bounds. For the *Texan* boasts a power plant just like the Dodge that made automotive history on the famous Bonneville Salt Flats in Utah.

Surely you've read or heard recently how a '56 Dodge stock car shattered 306 world records for endurance and speed in that sensational 14-day, non-stop run. This officially witnessed performance covered over 31,000 miles of round-the-clock driving at an average speed of 92.86 miles per hour . . . *the greatest distance at the fastest pace any car has ever travelled!*

Now this handsome, flair-fashioned, specially trimmed *Texan* offers you the same rugged endurance and the same eager power as the Dodge that established these records. What's more, you'll be in for your biggest surprise when you glance at the price tag. Big, powerful and luxurious as it is, you'll expect to pay perhaps a thousand dollars more than that tag reads. Yet here you'll discover that this *Texan*, with all its beauty and size and ruggedness, is priced right down with the so-called "low-priced three." Come and see for yourself.

Never will you find a better "buy" nor make a better deal than your nearby Dodge dealer will give you today. Better not delay for the supply is limited.

The Texan BY DODGE

ed by all sub-committees will be received and definite dates for the campaign determined.

It was also announced that architect's blue prints and a drawing of the proposed building will be published in this newspaper next week.

The following were in attendance at the meeting: Dr. Chas. Howard, Ben Magness, Earl Moseley, Narvie Caperton, Stanley Hughes, Gene Blake, Frank Heitman, Richard Moseley, Jimmy Wiggs, Albert Collins, Jack Slaughter, Mrs. Ida Belle Lewis, Mrs. Robert Weems, Natalie Bynum, Richard Bush and E. A. Perrin.

Charter –

Continued from Page 1

150 with the salary of Chief of Police (supplanting the title of Marshal) computed on a straight salary basis rather than the present salary and fee basis. Salaries in the police department for the six month period were placed at $4,800. The parks department will cost for the six months $1,450 and all other city services costing approximately $13,000.

A salary item of $600 for the six month period was placed in the budget for a city judge which is called for in the charter. The Mayor has been acting in this capacity under the old set-up with a $70 monthly salary and an average for the year of $30 per month from fees.

A budget hearing is called for in the charter and a legal notice of such public hearing is forthcoming.

In the lease contract drawn by counsel for Harry Rogers as Manager agrees to pay the city as rent for the leased premises the sum of $50 per month for he obligates himself to operate a bona fide airport for public service of air patrons, patrons, which the parties mutually agree is the FIRST object and goal of the contract.

Rogers agrees to make all repairs and maintenance of Airport. The remainder of this paragraph which deals with water supply was excepted by the council for further negotiation.

The Airport Manager at his option may sell food, beverages or any wares or merchandise as he may not sell whiskey or hard liquor from said property, and if Airport Manager ceases to operate the cafe on said property, he will also cease to sell beer on said property.

It is agreed and understood that Rogers shall have the right to sub-lease parts of the Airport or to grant concessions giving other persons, firms or corporations the right to sell goods, wares, merchandise or services on said airport, if he may see fit, so long as such activities do not interfere with the operation of the Airport

Other paragraphs subject to further negotiation will be made public at a later date.

Polio –

seems everyone has done his best.

We would still like to have some more contributions and if you feel that you could do a little more it would be deeply appreciated and I am sure will be sorely needed before the year is over.

I know your leadership has not been of the best, but we are happy to have contributed something to the wonderful boys and girls who are victims of this dreaded disease.

Hinton H. Pruett
County Chairman
March of Dimes.

Calvert Couple –

ly injured while Schubrick suffered from shock and sustained what were apparently, minor bruises. Both were thrown clear of the car.

Green's ambulance was summoned to the scene from the home of Clyde Hensley which is directly across the road from the scene of the accidnet. The woman occupant was taken to Newton Memorial hospital.

A witness who saw the accident through his rear view mirror said that he had just passed two cars which were traveling east on the stretch of highway under construction at this time and the driver of the leading vehicle applied the brakes as he approached the bridge under construction. As the second car had its brakes applied the driver evidently swerved to the left and the car continued off the road and into the ravine.

Men who live near the scene of the accident noted that flares and warning signs pointing to the danger of that specific piece of road have bee removed. It formerly had warning markers and while the dangerous feature removed in favor of those which mark the beginning and end of "Road Under Construction."

CARD OF THANKS

We take this means of expressing our sincere thanks and appreciation to our friends and neighbors for their many kind expressions of sympathy shown during the illness and at the death of our beloved mother, Mrs. Frank Mees. We are deeply grateful to the doctor and the staff of nurses at Rosebud Hospital, to those who sent flowers and food and to anyone who helped us in any way. May God bless each of you is our prayer.

The children of
Mrs. Frank Mees

CARD OF THANKS

We take this means of expressing our sincere appreciation to the many kind people and especially those of the Jones Prairie Community of St. Edwards Hospital, Dr. Swift and Holbert Pemberton for their kind deeds shown us at the death of our beloved father and grandfather, Mr. Will Black. Also for the beautiful floral arrangements. May God bless each of you.
